Objective

Recent Computer Science Engineering graduate with proficiency in HTML, CSS, Bootstrap, Figma, JavaScript, React.js and Wordpress. Eager to apply academic knowledge and hands-on skills to contribute effectively to front-end development projects. Strong analytical thinking and problem-solving abilities, coupled with a keen eye for detail. Seeking an e-level position to enhance my expertise and grow within a dynamic team environment.

TECHNICAL SKILLS

- HTML5
- CSS
- Bootstrap
- Javascript
- React.js
- WordPress
- Figma
- Adobe XD
- Photoshop
- Canva
- Adobe illustration

PROJECTS

• Project 1 : TIC TAC TOE

[Link](#)

- Developed an interactive Tic Tac Toe game with a responsive design using React.js, enhancing user engagement through dynamic user interfaces.
- Styled the game interface using CSS for a visually appealing layout.
- Implemented game logic and interactivity in HTML to enhance user experience.
- Ensured cross-browser compatibility, applied UX/UI principles HTML, CSS, Reactjs, Redux.

• Project 2 : TO DO LIST

[Link](#)

- Created a dynamic web application for to-do lists using JavaScript and React.js, while prioritizing responsive design through CSS and HTML.
- Instituted task creation, deletion, and completion functionality with user-friendly interface.
- Applied state management and component-based architecture for efficient data handling and rendering.
- Proven expertise in front-end development and practical problem-solving within live projects.

• Project 3 : WORD COUNTER

[Link](#)

- Developed a word counter application using React.js, HTML, CSS, and Bootstrap for tracking and displaying word count.
- Facilitated functionality to count words in real-time and update the UI accordingly.
- Adopted Bootstrap for responsive design and enhanced user experience.
- Authorized key features such as Word count ,Uppercase,Lowercase,Remove extra space, Average time reading.

• FIGMA DESIGN

- Flight Booking App Design (Figma) [Link](#)
- Car Landing Page Design (Figma) [Link](#)
- Smartwatch Landing Page Design (Figma) [Link](#)
- Travel Landing Page Design (Figma) [Link](#)

EDUCATION

Sagar Institute of Research & Technology , Rajiv Gandhi Proudhyogiki Vishwavidyalaya University

B.tech in Computer Engineering 2023 CGPA: 7.63

CM.Sc.College,Darbhanga

Senior Secondary Education 2019 65.5%

Woodbine Modern School,Darbhanga

CBSE Board 2017 CGPA: 9

ACTIVITIES AND INTERESTS

Interests:

- Web-Development
- Front-end Development
- Web and Graphics Design
- WordPress Development
